The Warmest Aussie Legend

SPECIALIST GAS LOG HEATER RANGE

Up to 5.0 star energy rating

The Warmest Aussie Legend

We have been proudly manufacturing in Australia for over 35 years.

Woodheaters have been the key to our business growth since the mid 1980's. Over the years our manufacturing of Woodheaters has employed hundreds of locals and contributed significantly to the local community - this is something we are extremely proud of. The acquisition of the Coonara brand in 2001 was made possible due to our earlier success in our contract manufacturing of Woodheaters and we are really excited about the newly introduced technologies that deliver Coonara Gas Log Heaters with high efficiency heating. This is a major step in the right direction for our environment.

Of course none of our success could be achieved without the support and dedication of our fantastic staff. We are a proud Australian manufacturer and we are proving that locally manufactured products can successfully compete with imported products. Your support is critical in helping keep the Australian manufacturing industry safe. We thank you for your continued support of Australian made Coonara Gas Log Heaters. They really are an Aussie icon.

Yours sincerely

Eric Woodgate
Managing Director

COVER: **CLEAR VIEW**

Pictured in Metallic Black with Chrome glass frame (optional extra).

The Clear View double sided heater has all the charm and romance you would expect from a Coonara. You will be mesmerised by the flames from 2 rooms and with the thermostat controller to set your temperature to suit your comfort levels. Its high efficiency will keep your costs down. What more would you expect from this latest Coonara Gas Log Space Heater.

The Warmest Aussie Legend

The Coonara Clear View, Barossa and Mystique inbuilt heaters are ideal for those of you who desire the beauty and atmosphere of real wood heating with the easy convenience and efficiency of gas log heating.

They combine modern electronic technology and a power balanced flue system for greater heating efficiency with a beautiful log flame. Designed and manufactured in Australia by an Aussie owned and operated company. Coonara Mystique, Barossa and Clear View inbuilt gas log heaters – where tradition meets innovation.

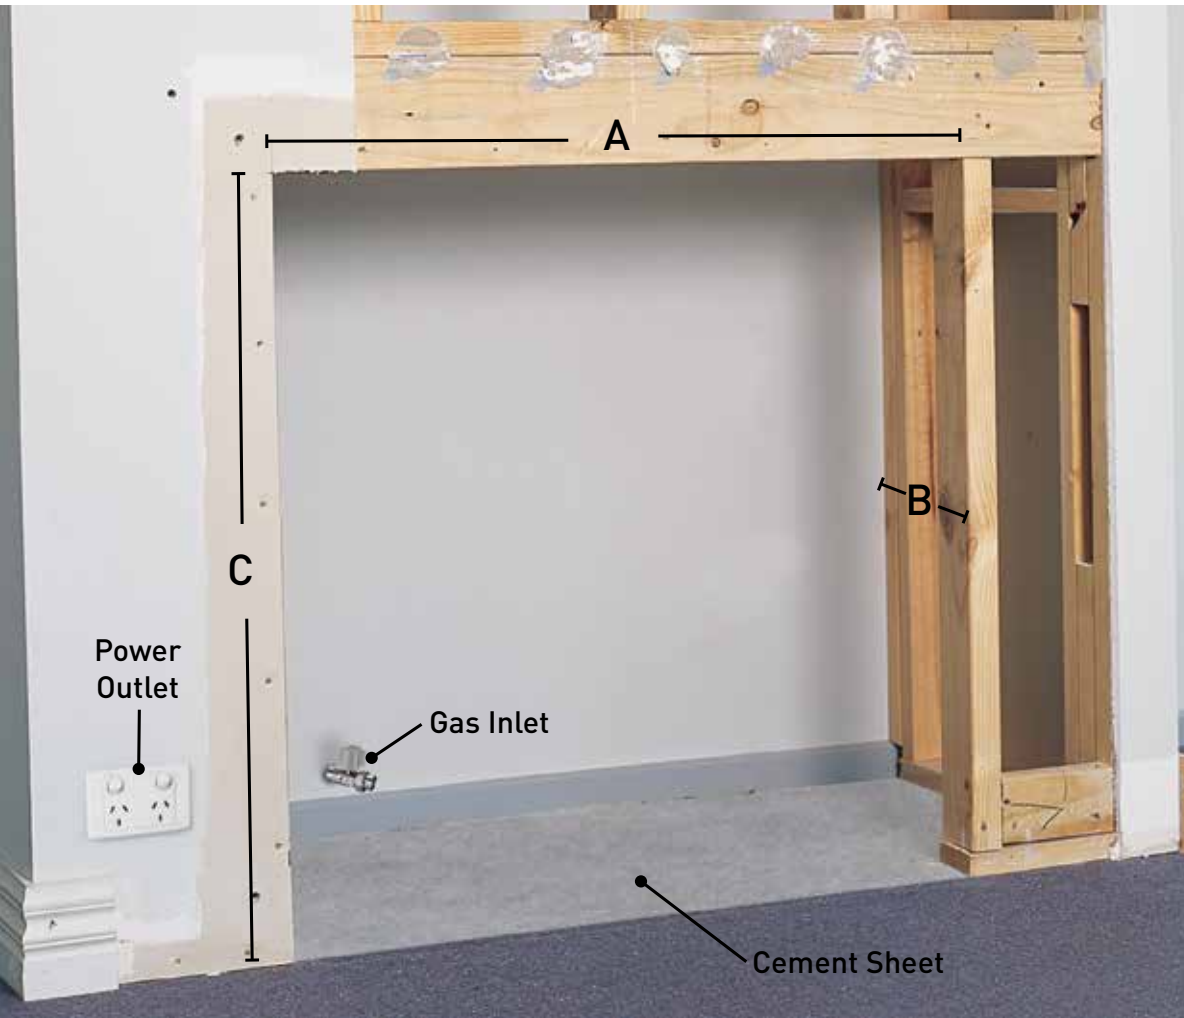

WHERE TRADITION MEETS INNOVATION

- Aussie made
- Power balanced flue system
- Ideal for asthmatics. No room ventilation is required providing increased warmth and you will not suffer oxygen depletion in your home's atmosphere through this system
- Landscaped visual flame effect combined with glowing logs
- Electronic operation on all models
- No bending or kneeling to operate (except Mystique manual)
- Beautiful gas flame with realistic looking logs and flame
- High performance, whisper quiet fan for greater heat distribution
- Easy versatile installation
- Minimal clearances to combustible surfaces
- Easy, convenient and efficient heating
- Delayed fan start-up and switch off
- Thermostat Controller standard in all models (except Mystique manual)

4.6 star energy rating

Tested and approved

Tested and approved to the most stringent quality standards for safety and efficiency. AGA approved. Certificate No. 8178G.

Coonara Warranty

All current Coonara gas heaters are warranted to be free from defects in material and workmanship under normal use and service. The warranty of the actual firebox and heat exchanger is 5 years – to the initial purchaser. All other components (except accidental breakage of door glass) are warranted for a period of 24 months. Coonara gas log fires are designed and tested for use with Coonara manufactured flue kits. For the full warranty statement, refer to the Shamic Sheetmetal (Aust) P/L website (www.shamicheating.com.au), the product installation manual, or your Coonara dealer. Shamic goods come with guarantees that cannot be excluded under Australian Consumer Law. The purchaser is entitled to a replacement or a refund for a major failure and compensation for any reasonably foreseeable loss or damage. The purchaser is also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

Note: All Coonara heaters must be installed by our authorised installer to be covered by our warranty statement.

*** IMPORTANT: Heating areas provided are based on open plan living areas and 2.4 metre ceiling height. Note: Lack of insulation, large window areas and cathedral ceilings reduce heating effectiveness.**
